

Because Veterans Day falls on a Wednesday this fall and Labor Day falls on a Monday, as things stand now MW classes will meet two fewer times than TR classes. To even things out, **Wednesday classes will meet on Thursday, November 12. In other words, that Thursday is now a Wednesday.**

Advanced Research and Writing Sections - Fall 2009

Each Fall and Spring semester every faculty member who is not on leave will offer a section of Advanced Research and Writing. Listed below are the topics on which each faculty member is prepared to supervise student papers for Fall 2009.

Ordinarily, if there is a substantive course offered in the subject area in which you wish to write a paper for Advanced Research and Writing, you must 1) have completed that course, **or** 2) be concurrently enrolled in that course, **or** 3) receive the prior permission of the instructor. Some instructors may require completion of that course and not just concurrent enrollment. To determine the requirements for a particular section, or to clarify its topics, you should contact the instructor before registering.

Each section will have a limited enrollment, and once that limit is reached that section will be closed. If your first choice for a section is closed, enrolling for Advanced Research and Writing in Fall 2009 would require selecting another section. If you wish to work only with a particular professor or professors and their sections are closed this Fall you will have to wait for a later semester. Registration takes place online through the ordinary registration process.
